This may include a unique identifier (unconnected to an individual's Personal Information) and related analytics and usage information that we use to track usage of our Websites, track trends in our Websites, administer the Websites, and improve our users' experience.

B. How Do We Collect the Information?

The categories of sources from which we collect Personal Information are described in the table above.

We only collect and use Personal Information when you voluntarily provide it to us, with the exception of your IP address, geolocation, and certain device information, which may be automatically captured when you access our Websites.

In order to use some portions of our Websites, a user must first complete a registration form or provide an email address that will require the user's disclosure of limited Personal Information. In addition, in order to apply for employment with EBSCO, you will have to disclose Personal Information regarding your identity and employment history. Such disclosure is strictly voluntary.

Because of how email communication works, you will have to disclose an email address to us if you choose to contact us or communicate with us by email.

We automatically collect non-Personal Information, generated from your use of our Websites. We use this non-Personal Information in the aggregate. We do not combine these types of non-Personal Information with Personal Information. We may also share aggregated demographic information with our business partners, sponsors, advertisers, and companies that control, are controlled by, or are under common control with EBSCO.

Cookies and Similar Technologies: For information about the cookies and other tracking technologies used by our Websites and how to manage your settings for these cookies and technologies, please visit our Cookie Policy.

Social Media Features: Our Websites may use social media features, such as the Facebook 'like' button ("Social Media Features"). These features may collect your IP address and which page you are visiting on our Websites, and may set a cookie to enable the feature to function properly. You may be given the option by such Social Media Features to post information about your activities on our Websites to a profile page of yours that is provided by a third-party Social Media network in order to share with others within your network. Social Media Features are either hosted by a third party or hosted directly on the Websites. Your interactions with these features are governed by the privacy policy of the company providing the relevant Social Media Features.

C. How Do We Use the Information?

The business or commercial purpose(s) for which Personal Information is collected is described in the table above.

We use the Personal Information we collect for limited purposes of processing your transactions, establishing and/or verifying a person's or account holder's identity, customer service, improving and customizing our Websites and their content, authorization, assessing your qualifications for employment, verifying your employment application, and providing you with information concerning our products and services. We will retain this information for as long as needed to provide you products and services, comply with legal obligations, resolve disputes, and enforce our agreements. We also may use that Personal Information to improve and customize our content.

We may use the Personal Information and non-Personal Information we collect by sharing it with third party agents, vendors, contractors, partners, or content providers of EBSCO (collectively, "Service Providers") for purposes of managing purchases of our products and services, servicing our systems, and obtaining support services for our businesses. We are not in the business of selling Personal Information to third parties or Service Providers, and will share it with Service Providers only as we describe in this Privacy Policy. In situations where we share Personal Information with Service Providers, we ensure access is granted to the Service Providers only upon the condition that the Personal Information is kept confidential and is used only for carrying out the services these Service Providers are performing for EBSCO. As part of making that determination whether we will share Personal Information with Service Providers, we will obtain assurances that they will appropriately protect and maintain the confidentiality of Personal Information consistent with this Privacy Policy and as required by applicable law.

The Personal Information we collect from you may be transferred to, and processed in, countries other than the country in which you live. These countries may have data protection laws that are different to the laws of your country. Specifically, the servers we use to provide our Websites are located in the United States. This means that when we collect your Personal Information, we may process it in the United States or the country where you live. However, when we process your Personal Information, irrelevant of its processing location, we take appropriate safeguards, as discussed below, to require that your Personal Information remains protected in accordance with this Privacy Policy.

We may share your usage data related to our Websites with our affiliates and certain Service Providers for purposes of providing or improving our Websites. We will not disclose any information about your usage data related to our Websites to unaffiliated third parties, except as necessary to provide our Websites, to enhance the Website experience, to enforce the terms of use, or as required by law.

We also reserve the right to disclose your Personal Information if we are required to do so by law, or in the good faith belief that disclosure of the information is reasonably necessary to comply with legal process, to respond to claims, or to protect or advance the rights, property, safety, or well-being of our company, our employees, customers, or the public.

We will not use your Personal Information for automated-decision making.

In the unlikely event that all or substantially all of EBSCO's assets are acquired, customer information, which may include Personal Information, may be one of the transferred assets unless restricted by applicable local law, in which case the acquiring entity will be subject to the same commitments for such customer information.

[D. What is Our Legal Basis for Collecting and Using Personal Information?](#)

In some cases, we may also have a legal obligation to collect Personal Information from you or may otherwise need the Personal Information to protect your vital interests or those of another person.

If we ask you to provide Personal Information to comply with a legal requirement, we will make this clear at the relevant time and advise you whether the provision of your Personal Information is mandatory or not (as well as of the possible impact if you do not provide your Personal Information).

Similarly, if we collect and use your Personal Information in reliance on our legitimate interests (or those of any third party), we will make clear to you at the relevant time what those legitimate interests are.

If you have questions about or need further information concerning the legal basis on which we collect and use your Personal Information, please contact us using the contact information provided below.
